

VOTERS OF FULTON TO DECIDE NUMBER OF COUNTY BOARD

Two Forms of Government, One Calling for 3 Commissioners and One for 15, To Be Submitted.

DEMOCRATIC COMMITTEE TO TAKE ACTION TODAY

"The Powers of This Board Should Be Centralized in 3 Men," Declares Chairman Tull C. Waters.

Voters of Fulton county will have an opportunity at the forthcoming county elections to choose between two forms of government in county affairs. One will be a proposition to increase the county board to fifteen members, the other to reduce it to three. The proposition to increase the board is being advanced by the Democratic committee, while the proposition to reduce it is being advanced by the Republican committee.

Two members of the county executive committee some time ago put forward the proposition to reduce the county board to three members. The proposition was at first met with much opposition, but has since gained considerable support.

Should Centralize Power. "The powers of this board should be centralized in three men," declared Chairman Tull C. Waters, "and the board should be reduced to three members."

Bureau D. Thomas, chairman of the Fulton county Democratic committee, declared on Friday that the county board should be reduced to three members.

FATAL SHOOTING ENDS MIDNIGHT JOY RIDE

Three Men and Three Women Arrested at Rome—Hairs Thought to Be Dying.

Rome, Ga., March 6.—(Special.)—A midnight automobile ride, terminating at a house of ill-repute east of town, a pistol shot that caused property damage to Donald Hair, a well-known young man about town, the arrest of three women and three men, and the refusal of all to talk, make up a mysterious case that is puzzling the police of Rome.

The affair took place about midnight last night, and Hair, though shot through the abdomen, is still alive, though physicians say he has a very slight chance of recovery.

When informed that he would probably not live, he made a statement, in which he said that he had been associated with a woman named Hair, one of the women under arrest.

FUTURE OF REBELS HANGS IN BALANCE

Fortunes of Constitutionalists Depend on Carranza and Satisfactory Explanation of Benton Incident.

Washington, March 6.—Although the American government intends to support any further development of the Mexican policy until the commission of Mexican constitutionalists investigating the execution of William S. Benton has made a report, today's cabinet meeting here developed a discussion of the importance of the future attitude of General Carranza toward the United States.

High officials of the administration believe the fortunes of the constitutional movement hang largely in the balance, and that only a clear explanation of the Benton incident and satisfactory reparation to those responsible will regain for them the prestige they had acquired as persons desiring the restoration of constitutional government in their country.

Washington, March 6.—Initial steps to repeal the toll exemption clause of the Panama canal act as requested by President Wilson were taken in congress today when the house committee on inter-state commerce reported favorably a bill to strike out the provision. In the senate the committee on inter-state commerce reported next week to consider the appeal of the president for a reversal of policy in the controversy which involves the Hay-Pauncefote treaty, and in the opinion of the president, the general foreign relations policy of the administration.

While the house is debating the issue next week, the senate committee will consider what course to pursue. Whether to recommend a flat repeal bill or to urge the compromise bill offered by Senator Chilton, of West Virginia, which would repeal the toll exemption clause of the Panama canal act, and authorize the president to regulate tolls and assess charges at his discretion, wherever exemption is provided in the canal act.

Three Compromise Bills. "I believe that more senators will support my amendment than will support a flat repeal measure," said Senator Chilton, of West Virginia, who introduced his amendment today. By John Corrigan, Jr. Washington, March 6.—(Special.)—Senator William S. West, of Virginia, took the oath of office today as chairman of the committee on expenditures in the postoffice department, and will also act as a member of the United States Senate.

Senator West was immediately appointed to the chairmanship of the committee on expenditures in the postoffice department, and will also act as a member of the United States Senate.

Garbed in a business suit of dark brown tweed, Senator West approached the vice president's desk at 2:30 o'clock after his credentials had been read from the desk, and took the oath of office as unconcernedly as though he were engaged in an everyday routine matter in a Georgia legislature.

After he had subscribed to the oath and affixed his signature thereto, he was shown a seat on the democratic side of the chamber. Immediately he was congratulated by members of the Georgia delegation in the house, who were present for the brief ceremony.

The first to shake his hand was Senator Bankhead, of Alabama, followed by Senators Stephens, of Wisconsin, Thomas, of Colorado, and Representative Hughes, of Wisconsin, and Representative John T. Bole, of Missouri, and Senator Joseph Carter.

Until he reached Washington this morning, Senator West had been in the company of John T. Bole, of Missouri, who was expressing his deep appreciation of the compliment, declined. This Pretty Stenographer Wouldn't Have a Poodle; Alligators Are Her Pets

MISS HARBISON AND "UNCLE DUDLEY."

"Uncle Dudley," whose ancestors "wandered about in the mudholes of the Nile and yanked a welcome chorus as Cleopatra's barge glided beneath the gleam of an Egyptian moon," has been translated into the more modern and more sanitary atmosphere of a city stenographer.

"Uncle Dudley" is an alligator—a baby one, and his youth accounts for his lack of the usual alligator characteristics. He is a very tame alligator, and his youth accounts for his lack of the usual alligator characteristics.

First Baptist Church Plans to Bar All Who Are Members Of Clubs Violating the Law

On next Sunday morning at the First Baptist church Dr. C. W. Daniel, pastor of the church, will read to the congregation a series of resolutions which have been drafted by the church members and which will be submitted to the congregation, designed ultimately, if adopted, to place the members of the church squarely on record against such clubs with locker features as are violative of the prohibition law.

While there has been much argument about the prohibition law, the First Baptist church, in taking this action, is the first church to say down to brass tacks on the question of locker clubs violating the liquor law.

It is known that other churches of the city will stand with Dr. Daniel and his church on this question, and it has been intimated that some other churches may make a similar move.

The movement was first taken up by the board of deacons of the First Baptist church last Monday night, and on Wednesday night was taken up by the congregation. The resolutions have since been drafted. After they are read next Sunday they will be submitted to the congregation for its final action.

The contents of the resolutions, only a few copies of which are in existence, are being guarded with the greatest secrecy, and no one connected in any way with the drafting of them, is divulging the exact purport of them. It is understood, upon good authority, however, that the resolutions will ask each member of the church to resign from the membership in any club having a locker feature, should it be proven to his own conscience that such a club is operating in violation of the prohibition law and refuse to conform to it.

It is understood that in case a member of the church is aware that his club is violating the law, he shall at once resign from the membership in that club, and if he refuses to do so, he shall be asked to resign from the church. The resolutions will ask each member of the church to resign from the membership in any club having a locker feature, should it be proven to his own conscience that such a club is operating in violation of the prohibition law and refuse to conform to it.

SEN. WORKS ACCUSES WILSON OF COERCION

Expresses Disapproval of Administration
in What He
Calls Friendly Review.

Washington, March 6.—Emphatic disapproval of the administration, the legislation which it has passed and of what he called the "coercion used by President Wilson to compel action by congress," was voiced in the senate today by Senator Works of California, in delivering what he termed a "friendly review" of the achievements of the executive and legislative branches of the government in the "one year of democratic rule."

The senator reviewed the tariff bill and charged that for the "coercion used by the president upon congress, it never would have passed."

He declared that the administration had created in the senate a "friendly review" of the achievements of the executive and legislative branches of the government in the "one year of democratic rule."

DISCOUNT FOR IMPORTS FROM AMERICAN SHIPS

Granted by General Appraisers
in Opinion by Judge
Waite.

New York, March 6.—A 5 per cent discount on all imports carried by ships of American registry, as provided in the new tariff law, was granted today by the board of United States general appraisers, in an opinion by Judge J. S. Waite. The board held that the favoring of American shipping was the plain intent of congress in framing the statute, and that the allowance to American vessels did not impair the treaties with foreign countries.

The act allows a discount of 4 per cent in duties on all merchandise imported in vessels of American registry, provided the discount does not involve violation of any treaty.

The decision, if upheld by the higher courts, will affect four ships of the American fleet, and will save the government, New York, two ships of the Red Star line, and two ships of the White Star line.

The board further stated that this is not a statute extending favor to any country, but an offer to importers of all nations to make use of the reduced rates.

NO CLEMENCY PLEA PLANNED FOR FRANK

Counsel for Prisoner Will Concentrate Efforts on Securing New Trial Through Extraordinary Motion.

Counsel for Leo Frank stated positively to a reporter for The Constitution Friday afternoon that no plea for clemency would be made to Judge Ben Hill when the convicted man is sentenced.

Whether any other action would be taken it was not said. Attorney Reuben Arnold declared, however, that counsel would not request a life sentence in place of execution. The defense will not protest the refuting of the date of doom. It was said.

Rumors in court rooms had it Friday that Frank would be brought before Judge Hill some time today. This could not be verified, however.

Rumor Expected Today. Attorney Luther Z. Hooper, senior counsel for the defense, was expected to return to Atlanta Friday, but did not arrive. He has been on a trip of several days to Washington and New York.

His associate, Herbert Haas, who has been an active figure in Frank's defense, is also in New York. He will not return at present, however, but will remain in the metropolis for a considerable while to come. Immediately upon arriving in Atlanta today Mr. Hooper will go into conference with his colleagues, Herbert Haas, and Leo Frank. It is reported that a conference will also be held shortly with the prisoner in the Tower.

The attitude of Solicitor General Toward the latest developments in the Frank case remains a mystery. Not a word can be gotten from him by reporters who besiege him daily, and his actions are kept closely secret. He was closeted for an hour Friday with Attorney William C. Candler, Jr., and Jim Conley, the convicted accomplice. The conference took place in the solicitor's office in the Thawer building. Neither man will discuss the nature of their talk. Another conference held by the solicitor Friday was with George H. Roper, father of the Roper boy, who repudiated his testimony in a sensational affidavit.

Reuben Arnold Optimistic. In regard to the statement that the defense would not plead for a commutation of sentence, Mr. Arnold brought before the superior court on Wednesday when he declared that he had never anticipated taking such a move. He spoke optimistically of the effort to gain the prisoner a new trial on grounds of newly discovered evidence.

"We will not plead for clemency of any nature," said the attorney. "As to

what other action that might be taken I cannot say until I have conferred with Mr. Hooper upon his return from New York."

Frank was decidedly buoyant in his attitude. He said the two affidavits published exclusively Friday morning in The Constitution in which Mrs. Edith Harris Miller stated that she saw him at an hour when Conley testified he and Frank were lowering Mary Phagan's body into the pencil factory basement.

Truth on the March. The truth continues on the march, declared the prisoner to reporters Friday. "I couldn't be at two places at one time. Two witnesses now swear that they saw me at the time the negro says we were in the pencil factory. Miss Helen Kern swore it at the trial. Her evidence is now thoroughly corroborated."

The prisoner also stated that he remembered Mrs. Miller, and, since the publication of the affidavit, recollections have passed her at the downtown place as he was on the way home to lunch. "I often remember how she was dressed," he said to the newspaper men.

Editorial in Times. Concerning the protest of the Georgia State Chamber of Commerce against certain statements contained in recent interviews with Frank's counsel, The Times editorially said as follows:

"With great ingenuity and properly made this reply. The Georgia Chamber of Commerce, in its telegraphic communication, which was published in the Times, has been accused of making a statement against the city of Atlanta, and because he was a Jew, the chamber of commerce makes this reply."

DR. STUART SPEARS ON FREEMASONRY LOVE

Whole World Is Organizing Into Brotherhoods and Sisterhoods, He Tells the Bible Conference.

Dr. George Stuart, of Knoxville, spoke on "Brotherly Love" before a crowd of about 2,000 persons at the Bible conference last night. He spoke of the fraternalism of freemasonry and other secular orders, and declared that the very structures upon which they were built are taken from the Bible. He said that if the Bible were to be taken from freemasonry it would fall.

He criticized folks who profess Christianity but who are not true to the principles of brotherly love, and he urged them to return to the Bible. He said that the Bible was the only book that was taken from the Bible.

He dwelt at great length on the fact that the brotherhood of freemasonry and secular orders have taken precedence over the brotherhood of the Bible, and he urged them to return to the Bible.

Loan Society Officers Bitterly Attack Policy For Report on Robbery

The officials of the Jefferson Loan society yesterday bitterly attacked the report of the police department branding the story of the daring hold-up in their offices on Thursday morning as "very improbable."

J. A. Hall, manager of the loan society, stated that he was thoroughly satisfied with the story of the robbery as given by his chief clerk, I. Steinberg. They both denounce the police, stating that they used the reply of "no hand" as an alibi for their inability to catch the thief.

Further, they declared that it was impossible to them if the police thief they never at any time supposed they would catch the bank, stating that they would catch the police in the case to give them a chance to make good.

Throughout the whole of 1913 prices prevailed, said the report, "while the last quarter of the year was a period of decline in the price of twelve of the fifteen articles of food observed." It further points out that when they reached a maximum of 115 percent in November, for the remaining seven articles—sugar, butter, lard, flour, corn, and wheat—prices were below the maximum quoted in this report.

When the price of each of the fifteen articles weighed according to average consumption in workingmen's families, the statement shows, "retail prices were at a higher level on November 15, 1913, than at any time during the twenty-four years preceding."

HIGH COST OF LIVING HAS DECLINED SLIGHTLY

Highest Level in Twenty-Four Years Reached on November 15, 1913.

Washington, March 6.—Food prices in the United States reached the highest level in twenty-four years on November 15, 1913. Since that date there had been a slight decline, though the average still is well above that of a year ago. The department of labor yesterday made public a report showing retail prices of food in forty important industrial cities of the country.

"Throughout the whole of 1913 prices prevailed," said the report, "while the last quarter of the year was a period of decline in the price of twelve of the fifteen articles of food observed." It further points out that when they reached a maximum of 115 percent in November, for the remaining seven articles—sugar, butter, lard, flour, corn, and wheat—prices were below the maximum quoted in this report.

HOUSE ADOPTS REPORT ON ALASKA ROAD BILL

WILSON PRAISED FOR CANAL STAND

Highest Compliments Paid President by Press of England for His Attitude on Tolls Question.

London, March 6.—Laudatory comments on President Wilson's message to congress are published in most of the newspapers of this country today. The government organ, the Westminster Gazette, pays the highest compliments to President Wilson for his attitude in regard to the question of Panama canal tolls. It says: "It is not always convenient to hail a statesman of another country as a 'just judge' when he advocates what is a case against a section of his own countrymen. We cannot refrain, however, from expressing our admiration of the courage and manliness with which President Wilson has handled the Panama tolls question."

PUBLIC WORK PROGRAM TO BE DECIDED TODAY

County Commission Committee Will Hold a Meeting This Morning.

A meeting of the public works committee of the board of county commissioners will be held today, at which time the final touches will be put on the board's program for public improvements during 1914.

The program to be put through will embrace, by a large sum, the amount of work scheduled during 1914. The reason for this year's decrease is the fact that during the coming summer the payments are due on the contracts covering the new county courthouse, which will drain heavily upon the county's finances.

The policy of the board of county commissioners will strike all departments during the coming year. In fact, it is stated that the county's outlay of money for the year 1914 for public work use will probably not total half of the 1913 appropriation.

The meeting of the public works committee today will be preliminary to a joint session of the committee with the street committee of city council, which will meet in the chamber at city hall, at which time the city work program will be laid over the county program and lay out the city work program.

No talking of the contents of the program has been let out nor has any one given credit been named as a finality of the matter of improvement during the coming year.

SNOW YESTERDAY, BUT FAIR TODAY, SAYS FORECASTER

When Saint Peter opens the gate some of these "fair and warmer" days to come and find Local Weather Forecaster von Herrmann standing on the sunny steps, seeking admission, there's just one question he'll ask, and it is this:

"How about that fair weather you promised Atlanta during the 1914 spring?" Remember, it snowed on March 6, when you said it would probably be fair.

And Von Herrmann will probably hang his head and say: "All right, Peter, I'm guilty."

However, there will probably come a choir of Atlanta voices, which will sing: "Let him in. He was a good fellow, at least."

All of which goes on to assert that snow, for about ten minutes in Atlanta on Friday, in spite of that, you are not to be fair and clear.

The temperature, but all signs of rain have disappeared, he declared.

Men and Religion Bulletin No. 104

A PROOF

"Examine yourselves, whether you be in the faith; prove your own selves."

---2nd Cor. 13:5.

Some ardent prohibitionist—

Or perhaps an anti-prohibitionist—

In either case, one of those strange men, fortunately in the minority, who believe the hold of alcohol upon County and State to be so great that men will invariably perjure themselves in preference to keeping an oath.

One of these may sneer:

"What of the failure of the last Grand Jury to indict the violators of the liquor laws?"

Brothers, look!

Revenge, punishment, prosecution, these are not the purpose of the Church of God in pointing to the breaking of that law in clubs and bars.

Many, who are trying to follow Christ, are glad that the clubs—the majority of whose members may be and doubtless are themselves trying to follow Christ in their way—many are glad that these were not indicted.

IT WOULD BE A LASTING DISGRACE, HAD THE GRAND JURY INDICTED ANY LOCKER CLUB, ITS STEWARD OR MEMBERS AND MADE AN EXCEPTION OF THESE BECAUSE OF THE POSITION AND POWER OF THEIR MEMBERS.

As it is, the clubs, regardless of name or position, may yet prove to the world that their purpose is to respect and uphold the law.

The Grand Jury indicted none. But it signed the death warrant of the lawless locker clubs. It pointed out that some of them are deliberately violating the law.

In the case of Rothschild against the State, Judge Ben Hill, then a member of the Court of Appeals, wrote:

"INTOXICATING LIQUOR CAN NOT BE SOLD IN THIS STATE BY AN INDIVIDUAL OR A CORPORATION AS A BEVERAGE, AND WHEN A STEWARD OF A SOCIAL CLUB SELLS TO MEMBERS OF THE CLUB INTOXICATING LIQUORS, HE IS GUILTY OF A VIOLATION OF THE LAW, ALTHOUGH IN MAKING THE SALE HE IS ACTING SOLELY FOR THE BENEFIT OF THE CLUB."

There is no room for a dispute. The law is plain. Members of each Grand Jury which convenes could themselves give evidence of the violation of the law. Detectives are not needed to supply the evidence in the case of many clubs.

Think of these things.

Does the locker club hasten the coming of the Kingdom of God?

Does the disregard for the sacredness of law by men in office, high in authority, and men, leaders in our city's life—

Does this advance the cause of Christ?

You read a few days ago—"In Mitchell County, Georgia, an 18-year-old girl shot her father. The man was drunk. He was trying to choke the girl's mother to death."

In Berlin, where beer is king—in one year three thousand women were supported by the city; they were obliged to leave their husbands. "The vast majority of the latter were drunkards."

Baer says:—

"54 per cent of German divorces are from drink."

"Eulenburg affirms that in 24 years, 1,152 school children in Berlin killed themselves, and he attributes this not to overstudy, but to home troubles—in most cases alcohol."

Do you wonder that Emperor William is an advocate of abstinence?

You are right in saying—

"Morality, sobriety and salvation can never be legislated into man."

ONLY CHRIST CAN SAVE.

But do you help or hinder Him when you, a member of His church, supply a man with liquor—when you teach the servants in your club to disregard and break the law?

Sunday, will you not go to the Church of God and there in His house of prayer think of these things?

By your own conscience you stand or fall.

It is not fanaticism that ask—

"Are you satisfied with your life?"

God calls—

"Examine yourselves—prove your own selves."
